

Recommended Events

Title	Week of Health and Innovation Matchmaking
Topic	Health
Start Date	4 October 2016
End Date	7 October 2016
Deadline	1 October 2016
City	Odense
Country	Denmark
Cost	Free fo charge
Link	https://www.b2match.eu/whinn2016

Title	Meet in Italy for Life Sciences 2016 - MIT4LS2016
Topic	Health
Start Date	26 Oct 2016
End Date	28 Oct 2016
Deadline	10 October 2016
City	Rome
Country	Italy
Cost	Free fo charge
Link	https://www.b2match.eu/mit4ls2016

IncoNet EaP has received funding from the European Union's Seventh Framework Programme for research, technological development and demonstration under grant agreement no 609528 respectively.

Title	Healthcare Brokerage Event MEDICA 2016
Topic	Health
Start Date	15 Nov 2016
End Date	17 Nov 2016
Deadline	2 Nov 2016
City	Düsseldorf
Country	Germany
Cost	100-200 EUR
Link	http://www.b2match.eu/medica2016 (in work) link for 2015: https://www.b2match.eu/medica2015

Title	Pollutec"Green Days" Lyon 2016
Topic	Energy, Climate Change
Start Date	29 Nov
End Date	2 Dec 2016
Deadline	28 Nov 2016
City	Lyon
Country	France
Cost	free of charge
Link	Registration and information are available in the dedicated website (under constuction but you can check the last edition : www.b2match.eu/greendays2014-pollutec)

Further events: <http://een.ec.europa.eu/tools/services/eve/event/listevents>

Please note that **application for other events (out of the list above) is possible.**

IncoNet EaP has received funding from the European Union's Seventh Framework Programme for research, technological development and demonstration under grant agreement no 609528 respectively.

Attachment: Horizon 2020 work programmes

Please find here **some indicative calls** in the 3 SCs in Horizon 2020 work programme for 2016-2017 which encourage the participation of third countries.

Health - H2020-SC1-2016-2017

Understanding health, well-being and disease

SC1-PM-01-2016: Multi omics for personalised therapies addressing diseases of the immune system

Proposals should address relevant ethical implications, take into account sex and gender differences and include a section on research data management. International cooperation is requested. In line with the Union's strategy for international cooperation in research and innovation proposals should create strategic synergies between scientists across disciplines, sectors and around the globe.

SC1-PM-04–2016: Networking and optimising the use of population and patient cohorts at EU level

Synergies with relevant existing European infrastructures and additional collaborations with relevant international initiatives are encouraged. Proposals should also engage with relevant international/national/regional authorities to ensure that findings are implemented and translated into health policy.

SC1-PM-21-2016: Implementation research for scaling-up of evidence based innovations and good practice in Europe and low- and middle-income countries

Proposals should seek to replicate and scale up a comprehensive intervention in the field of health systems that is innovative and well-researched, supported by sufficient documented evidence. This scaling up can take place within Europe as well as outside it, notably in low- and middle-income countries.

IncoNet EaP has received funding from the European Union's Seventh Framework Programme for research, technological development and demonstration under grant agreement no 609528 respectively.

Energy - H2020-SC3-2016-2017

SCC-1-2016-2017: Smart Cities and Communities lighthouse projects

LCE-6-2017: New knowledge and technologies/Wind energy

International cooperation with leading groups outside Europe is encouraged.

Climate Action - H2020-SC5-2016-2017

SC5-02-2017: Integrated European regional modelling and climate prediction system

In line with the strategy for EU international cooperation in research and innovation (COM(2012)497), international cooperation is encouraged, in particular with countries having developed similar systems and with countries wishing to develop capacities.

SC5-05-2016: A 1.5 million year look into the past for improving climate predictions

In line with the strategy for EU international cooperation in research and innovation (COM(2012)497), international cooperation is encouraged.

SC5-06-2016-2017: Pathways towards the decarbonisation and resilience of the European economy in the timeframe 2030-2050 and beyond

b) Assessment of the global mitigation efforts in the perspective of the long-term climate goal (2016)

In line with the strategy for EU international cooperation in research and innovation (COM(2012)497), international cooperation is encouraged, in particular with countries that substantially contribute to global greenhouse gas emissions. Proposals should include partners from (non-European) high-, middle- and/or low-income countries.

SC5-08-2017: Large-scale demonstrators on nature-based solutions for hydro-meteorological risk reduction

In line with the strategy for EU international cooperation in research and innovation (COM(2012)497), cooperation and synergies with similar international demonstration activities

IncoNet EaP has received funding from the European Union's Seventh Framework Programme for research, technological development and demonstration under grant agreement no 609528 respectively.

on nature-based solutions for hydro-meteorological risk reduction and climate change adaptation, funded under different financial arrangements or programmes, is encouraged to facilitate mutual learning, sharing of experience, networking and follow-up.

SC5-11-2016: Supporting international cooperation activities on water

The challenge is to further enhance the opening of the Water JPI to international cooperation and thus contribute to creating a coherent European Research Area that is open to international cooperation in the area of water – a global research and innovation challenge par excellence.

SC5-13-2016-2017: New solutions for sustainable production of raw materials

In line with the EU's strategy for international co-operation in research and innovation (COM(2012)497) international co-operation is encouraged.

Proposals shall address only one of the following issues:

- a) Sustainable selective low impact mining (2016):
- b) New technologies for the enhanced recovery of by-products (2016)
- c) New sensitive exploration technologies (2017)

SC5-14-2016-2017: Raw materials Innovation actions

In line with the EU's strategy for international co-operation in research and innovation (COM(2012)497) international cooperation is encouraged.

Proposals shall address only one of the following issues:

- a) Intelligent mining on land (2016)
- b) Processing of lower grade and/or complex primary and/or secondary raw materials in the most sustainable ways (2017)
- c) Sustainable metallurgical processes (2017)

SC5-16-2016-2017: Raw materials international co-operation

- b) Advancing the idea of a World Forum on Raw Materials (2016)

In line with the strategy for EU international co-operation in research and innovation (COM(2012)497), international co-operation is required, in particular with G20 Member

IncoNet EaP has received funding from the European Union's Seventh Framework Programme for research, technological development and demonstration under grant agreement no 609528 respectively.

countries as well as the other third countries active in the mining and other raw materials sectors, and international organisations.

c) International network of raw materials training centres (2017)

In line with the EU's strategy for international co-operation in research and innovation (COM(2012)497), international collaboration is required.

IncoNet EaP has received funding from the European Union's Seventh Framework Programme for research, technological development and demonstration under grant agreement no 609528 respectively.
